

## Take Part in the EFMD Excellence in Practice (EiP) Awards 2018

### Come and show us your achievements!

The Excellence in Practice (EiP) Awards have developed into one of the leading global awards that recognise excellence in learning and development partnerships.

Taking part in this Award helps the client and its provider(s) to develop and reflect on the impact and value of their L&D initiative and the contribution it has made to the client organisation. The winning case studies are selected based on the review of 4 key areas: a properly documented challenge, an effective partnering commitment, the appropriate L&D initiative, and the proven business impact.

Linda Irwin, London Business School, UK describes three key benefits of taking part to the Excellence in Practice Awards.

### Next submission deadline: 1 March 2018
