

CEIBS – China Europe International Business School is hosting the 2019 EFMD Quality Services Seminar on the 23rd of January.

Are you a school considering EFMD accreditation (EQUIS or EPAS), certification (EOCCS) or mentoring (EDAF) but have not yet decided if or when to start the process?

Join our speakers David Asch, Japhet Law and Michael Osbaldeston and learn more about the quality improvement systems.

You will recognise the benefits for schools going through the accreditation, certification or mentoring process. You will not only learn about the process key stages but also about the standards and criteria as assessed by the Peer Review Teams and the Accreditation Board.

Please learn more on our website:
